

Join the dots with Halo
**Connecting people,
 places & information**

Why Safety Operations should be rising up your agenda

Increasingly safety and security considerations are impacting both university selection and student experience. Universities need to take action to deliver solutions in this specialist field to reassure their staff and students.

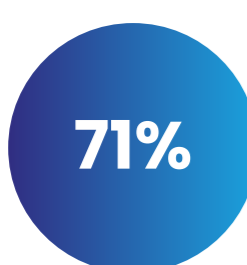

Staff and students in the UK who need to be kept safe¹

Of students & parents see security as a key criteria for university selection

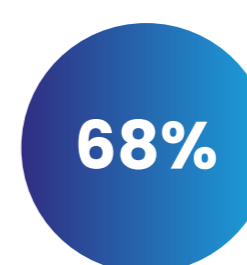

Of students become a victim of crime²

Of female students don't think campus security keeps them safe

Of students experience a decline in mental health³

Of students don't think campus security keeps them safe⁴
